

REOPEN WITH CONFIDENCE

with Documentelligence™  StayWell

Documentelligence™
Get tomorrow's office today.

Flexibility. Quickly adapt to the ever-changing State and Federal guidelines with an easy to use web-based interface.

Safety. Eliminate manual screening and repetitive cleaning with an accurate, touch-less check in.

Documentation. Contact tracing made easy — search by name or date to pull contact lists in the event of an outbreak.

thermal scanner

Hands-free scanning for temperature and mask presence with real-time alerts for non-compliance.

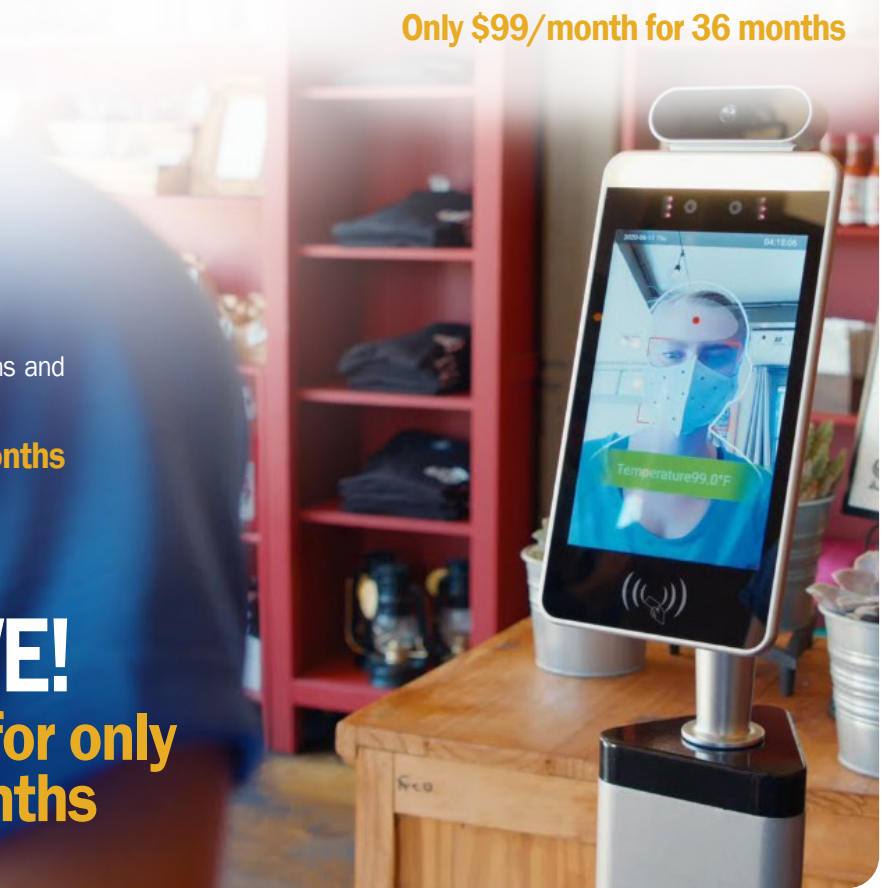

Only \$99/month for 36 months

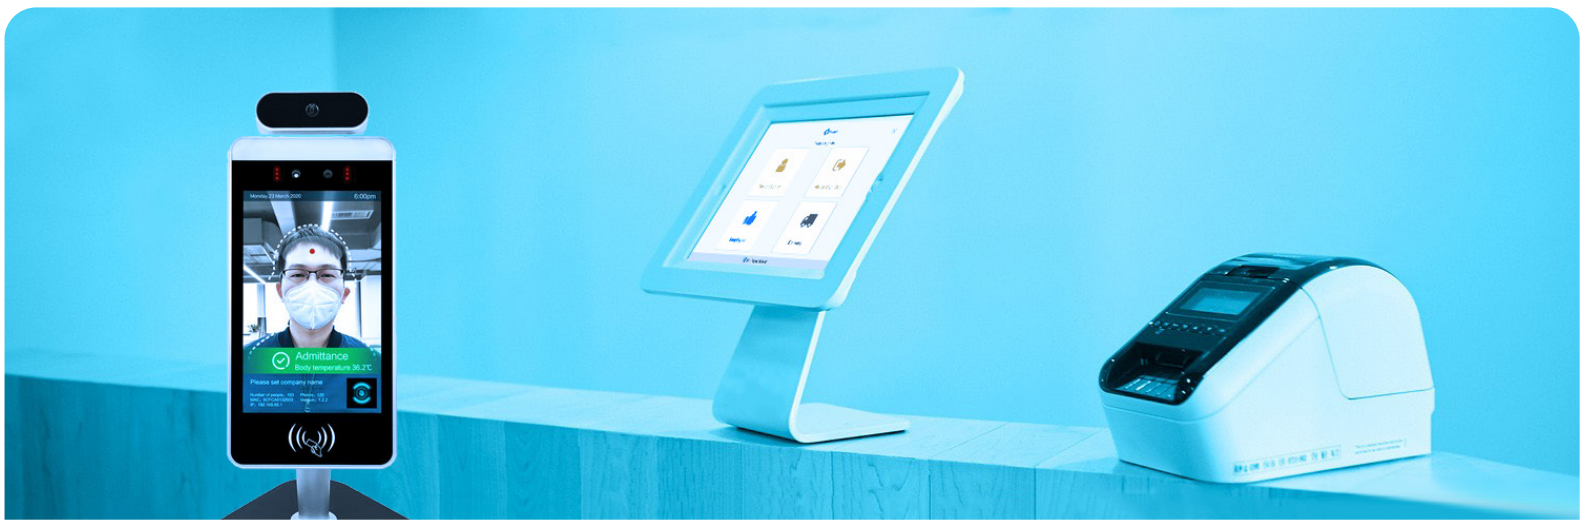

the receptionist

Employee and visitor management tool for screener questions and real-time occupancy tracking.

Only \$99/month for 36 months

BUNDLE AND SAVE!
Combine both systems for only \$179/month for 36 months

Thermal Scanner. The Documentintelligence™ Temperature & Facial Recognition display can prevent intruders and people with elevated temperature or no mask from entering your offices, schools, hospitals & public facilities.

Virtual Receptionist. The Documentintelligence™ Virtual Receptionist is an all-in-one occupancy tracking and safety screening platform for easy visitor and employee management.

Features

- Securely scan in less than one second with on-board AI
- Live video assistance for real time entry approval
- Provides access control integration for automatic doors
- Centralized management for multiple scanners, data and attendance

Features

- 100% customizable to fit your business
- Contact-less check-in option using QR Code technology
- Ask screener questions or mandate signed agreements
- Mitigate risks with comprehensive occupancy tracking

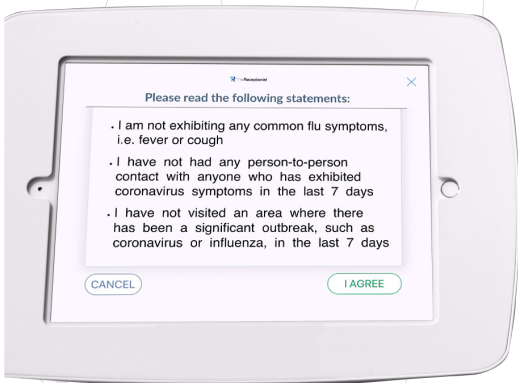

Protect your organization by bundling both systems in our StayWell package today!
