# Clorox Total 360 System

The Clorox Total 360 System is the first disinfection & sanitization system to use Electrostatic Technology. By charging finely dispersed droplets of trusted Clorox disinfecting and sanitizing solutions with an electrostatic force that easily overcomes gravity, you can now cover and clean out of sight surfaces at the side, underside, and backside of furniture and other surfaces.

- **EPA-approved to kill the SARS-CoV-2 (COVID-19) virus**
- Kills 99% of bacteria in 5 seconds
- Kills cold and flu viruses, MRSA and norovirus in 2 minutes or less
- One-step disinfecting
- Eliminates odors
- Sanitizes soft surfaces
- Dries in minutes for fast re-entry
